### About Us

Essay Experts has been the choice for thousands of students and with over 10 years of experience we're quickly adding to those numbers. People keep coming back again and again because they realize the quality that Essay Experts stands for. Unlike other writing services you know what you get with Essay Experts.

*All our writers are experts  
in their own fields!*

What makes us really unique are the writers that we hand-pick to write our model essays. Unlike other essay companies that operate out of such countries as Pakistan, the Philippines and Ukraine with us you are guaranteed that your writer will be a native English speaker and have a minimum of a Masters degree. If your requirements aren't met, you're able to request a hassle-free revision. How many other essay companies can say that?

Here are a few of the many services we offer. If you don't see what you need, feel free to contact our offices.

<p><b>Custom Essays</b> We do EXACTLY what you want WHEN you want it! We write custom model essays based on your exact requirements. This would include specific resources that would need to be used and specific formatting requests.</p>	<p><b>Theses &amp; Dissertations</b> You get to work 1-on-1 with one of our writers that has specialized experience with theses and dissertations in your subject area. Ask about our pay-as-you go "chapter-by-chapter" service.</p>	<p><b>Editing &amp; Applications</b> Let us polish your essay by going over any grammatical, spelling or formatting problems. We also specialize in writing school applications for students who feel they need a bit of help in making their natural abilities shine on paper.</p>
